

Furniture and Furniture Audit

When selecting new furniture GTA Interior consider function, budget, aesthetics and environmental credentials as well as lead times to suit programme. With a wide network of long standing suppliers we ensure competitive prices, guaranteed high quality and efficient installation. GTA Interior provide samples, create furniture mock ups, and arrange show room visits to ensure the client is happy to proceed with the furniture proposals and overall design scheme.

In some cases the design or requirements deserve bespoke and unique solutions. The design team develop innovative designs select high quality fabrics and finishes and generate exquisite details that turn furniture into master pieces.

GTA Interior audit client's existing furniture making recommendations for re-use and relocation. Relocation drawings are plotted so there is a clear plan of what is moving with you and its new position.

A storage audit is essential to fully understand quantity, filing format and accessibility and ensures furniture selection is well informed.
